The committee have been having an informal discussion as to whether the British Brick Society should move to having its Annual General Meeting as virtual rather than an in-person event. (Considerations of cost above room hire rule out a hybrid event.) Arguments for and against the idea of a virtual event, as was held during the Covid-19 pandemic in 2022, will be presented in an article in *British Brick Society Information*, **160**, August 2026, most of the contents of which are already notified to the Editor.
